

ESCR + TEMPERATURE RESISTANCE

CABLE MANUFACTURER

HYBRID FTTA CABLE

AVIENT SOLUTION

ECCOH™ LSFOH 5924 Formulation

WHY AVIENT?

- Provided superior environmental stress crack resistance (ESCR) and performance at cold temperatures, increasing cable lifetime
- Improved cable flexibility for easier installation
- Enabled faster processing at increased line speed

LEARN MORE

KEY REQUIREMENTS

- Elongation at -40°C
- High temperature bend test at 130°C
- Low water absorption
- Resistance to braided shielding
- Fire performance to pass CPR class Dca
