

DURABILITY + COLLABORATION

WOUND CARE MANUFACTURER

SELF-ADHESIVE BANDAGES

AVIENT SOLUTION

Aquamix™ Additive Formulations

WHY AVIENT?

- Provided aqueous dispersions that are safe for uses in contact with human skin and produce low levels of VOCs
- Offered high antioxidant performance to protect bandages from degradation and improve storage time
- Collaborated to deliver effectively and efficiently with accelerated development cycles and streamlined operations

LEARN MORE

KEY REQUIREMENTS

- Water-based antioxidant dispersion to use in self-adhesive skin bandages
- Durability and preservation of bandage adhesive
- Efficient development and production
